4-152, Mulaparru, 534123, Andhra Pradesh, India

OBJECTIVE

Motivated and passionate Computer Science Engineering student with strong programming skills and a keen interest in software development. Eager to apply academic knowledge, work on real-world projects, and gain experience in a dynamic tech environment.

EDUCATION

Bachelor of Technology – 8.7/10	Expected 2026
Swarnandhra college of engineering and technology – Narsapur, Andhra Pradesh	
Intermediate – 9.6/10	2020 - 2022
S.V.K.P and P.V college – Penugonda, Andhra Pradesh	

SKILLS

Frontend Engineering: HTML5, CSS3, JavaScript (ES6+), React, Vite

Backend Development: Node.js, Express.js, REST API Design

Databases: MongoDB, MySQL, SQLite

Programming: Python, C, C++

Data & Analytics: Power BI (Data Visualization, Dashboarding)

Automation & Tools: n8n, Make (Workflow Automation)

PROJECTS

ATS Resume Analyzer *March 2026*

Developed a full-stack web application that analyzes resumes against job descriptions and provides relevance scoring with actionable optimization insights.

Technologies: React.js, Node.js, Express.js, MongoDB, NLP

- ◆ Implemented secure user authentication and resume parsing with real-time analysis
- ◆ Designed scoring algorithm to match keywords and improve ATS compatibility
- ◆ Deployed scalable backend with cloud database integration (MongoDB Atlas)

Jobby App *February 2026*

Developed a dynamic job portal enabling users to explore and filter job opportunities with secure authentication and seamless navigation.

Technologies: React.js, JavaScript, REST APIs, JWT, React Router

- ◆ Implemented JWT-based authentication with protected routes and login validation
- ◆ Built dynamic job listings with search and advanced filters (employment type, salary range)
- ◆ Integrated REST APIs with loaders, error handling, and detailed job view with similar job recommendations

To-Do List Application

January 2026

Developed an interactive front-end application to manage daily tasks with real-time updates and a user-friendly interface.

Technologies: HTML, CSS, JavaScript

- ◆ Built dynamic task management features including add, edit, and delete operations
- ◆ Implemented real-time UI updates using JavaScript DOM manipulation
- ◆ Designed responsive and intuitive interface for efficient task tracking

ACHIEVEMENTS

- ◆ Led a team of 3 in ML-based secure transaction project
- ◆ Secured All India Rank 415 on NxtWave platform, showcasing strong problem-solving and consistency
- ◆ Maintained a 300+ day learning streak on NxtWave platform, demonstrating discipline and commitment
- ◆ Certified in React, Node, SQLite, JS, Responsive Design, Gen AI
